6. On the examination to teachers you need to provide the diary of practical training (filled conforming to the model) with the seal of the hospital (of round form), and the characteristic (signed by director of the hospital and round seals), credit and medical books.
7. A student who has not executed a program the practice without a valid reason or has gross violation of discipline can be expelled from the faculty.

Example of fulfilling of the diary of practical training:

Date: 20.06.2020. 9:00-15:00

Work performed:

I've become acquainted with the organization of work and the structure of the hospital.

I worked at the nursing post. I read the documentation of the nursing staff, I've learned taking over and passing the duty of guard nurse.

I worked in the procedure room.

I've calculated the dose and have made two intramuscular injections of "Cefazolin".

(Describe the methodology of the procedure for one patient)

STUDENT'S COMMENTS AND SUGGESTIONS ABOUT  
THE PRACTICAL TRAINING

The practice session was very good, and I got to know a lot of things through this practical session.

These practical session will suddenly help me in my future for my practical exams.

Also it gave me a lot of confidence to handle patients and go through their pains.

Date « 15 » of 2022.
